

CHRISTMAS TRADITIONS AND FESTIVITIES

Christmas is one of the biggest celebrations for the people of the Christian Faith. However, people of all religions all over the world celebrate this wonderful day by singing carols, feasting, and gift-giving along with blessings, prayers and wishes. From the lighting of the advent candles to the traditions of Christmas Eve, audiences will be actively involved as various Christmas traditions are celebrated.

This delightful story will take children on an exciting adventure, from Santa's reindeer prancing in the snow, to the Christmas bakers preparing the fare. In the city streets the carollers are spreading the news with their own special song. Then it is off to the Wild West to see the cowboys celebrating in style and back to the East to see the dazzling city lights. The biggest light of all is the star above the stable in Bethlehem and here the finale of the show reminds one and all of the true meaning of Christmas.
